## 2025 SHORT TERM TEAMS

Poverty and need exists in Europe. This is a focused group to teach English and minister to Romani and refugees. There are a lot of cultural differences to learn about and we encourage each person to have a gentle, pastoral and evangelistic approach to ministry. A teachable heart will also be helpful as the team work together to share with and listen to the unsaved Romani and refugees.

Parents are invited to bring their 10-13 year old child and give them children the opportunity to minister to children in another country. Parents should be prepared to have their child exposed to beggars, stray animals on the streets and developing country conditions plus eating food from a different country. Parents and children will need to be flexible and adaptable to sometimes unforeseen changing situations on the field. This will be a spiritual awakening for our young children as they seek to bless others with the good news of Jesus.
